

GEMELS VALVES FOR CNG

VALVES FOR CNG APPLICATION

Thanks to the close collaboration with technical department and the engineering department of our customers, **GEMELS** is able to study the best and most suitable solution for the application where our products will be mounted. **GEMELS** can realize prototypes and samples. Our customized solutions can range over different fields, like fire-fighting, CNG, construction, building, marine but also lifting, automotive, steel plant, heavy equipment and agriculture.

HIGH CYCLICITY

After many resistance tests, a specific product has been studied that reaches 1.000.000 cycles.

HIGH PRESSURE

Gemels is specialist in design and manufacture high pressure ball valve

COMPACT DIMENSIONS

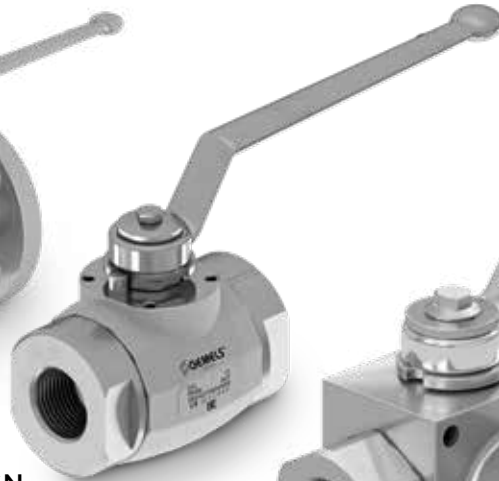

Particular attention to save space and reduce the overall dimension

SOLUTIONS AVAILABLE

SBF

GN

GE3

GE2

SBF-W

GE2HC

LEAN SOLUTION

Special lean solution designed according to specific request.

In GEMELS range of products there are valves manual and actuated specific for the installation on CNG compressed natural gas distribution systems and compressors.

MORE TYPES AVAILABLE FOR DIFFERENT APPLICATIONS
